## Brunello di Montalcino DOCG, Fattoria dei Barbi 2019

*Sarah Heller MW*

“This deeply historical producer [...] has principally southern-facing sites in the preferred 300-500m (985-1,640ft) altitude band. These have delivered full ripeness in 2019[...] The palate's slightly caramelised cherry fruit also has a smoky cigar-ash quality, exaggerating some of the notes of the nose. Tannins are pebbly and rounded, and the acidity, while present, doesn't quite offset the moderate energy of the fruit. Drinking window: 2026 - 2034.”
